Bumgenius One Size

A fabulous and reliable nappy, one of the most popular out there!

This is a one size pocket nappy, with popper size adjustments on the front (which are colour co-ordinated with the nappy!). The two microterry inserts are highly absorbent and quick drying. You'll only need the small insert to start with then add the other as necessary. The large insert has poppers to change the size from medium to large as the baby grows.

The outer is laminated on the inside to make it waterproof and the microfleece 'sueded' lining keeps baby dry and prevents staining. The pocket is roomy with space for extra boosters (for long journeys, night time etc.) & has a waterproof insert stopper which prevents leaks at the waist. Designed so the inserts come out in the wash - no need to deal with dirty inserts before washing!

Available in 'hook and loop' (Velcro-type) or popper fastenings.

Hook & Loop fits from 7 - 35lbs / 3.1 - 16kg

Popper fits from 9 - 35lbs / 4 - 16kg

Hunny Highlights

- ✓ Reliable with flexible absorbency - it comes with 2 sized soaker pads
- ✓ Flexible options for fastenings - aplix or poppers
- ✓ Butterfly closure tabs for comfort
- ✓ Quick drying microterry inserts
- ✓ Beautifully soft outer with fabulous patterns and colours
- ✓ Stay-dry 'sueded' layer against baby's skin

Nappy Do

- ✓ Pre-wash the nappy a couple of times before first use
- ✓ Knock any solids into the toilet and flush away - rinse any residue off in the toilet flush
- ✓ Fasten the Aplix tabs to the secure laundry tabs.
- ✓ Store in a dry bucket - no need to remove inserts
- ✓ First cold machine rinse with no detergent then wash at 40°C (or up to 60°C if necessary) in non-bio detergent plus sanitiser* (*optional - see [Washing and Drying](#) info sheet)
- ✓ Hang to dry. Inserts can be tumble dried on low heat if preferred.

Hunny Heads-up

- ! One size nappies get more wear than sized - something to keep in mind if intended for more than one child- poppers may last better than 'hook and loop' fastenings if you can't decide between them.

Nappy Don't

- ! Do not use greasy rash cream unless using a paper liner to protect the nappy fabric from getting clogged up (see [Nappy Rash](#) info sheet)
- ! Do not use bleach or fabric conditioner. Avoid biological detergents.

Hunny Hints

- ✓ Mums and Dads alike love these nappies - and with good reason! A great no-nonsense nappy that just works! Great for Grannies too!
