Lollipop Micro

This shaped nappy comes in two sizes and uses a combination of two modern fabrics for good absorbency and a super-quick dry time. Gorgeous soft fleece fabric wicks moisture away from baby's skin for a stay dry feel whilst the inner absorbent core of wellsoft microfibre booster material guarantees good absorbency. This is a soft, cuddly nappy and will stay soft no matter how many times it's washed. Special cross over tabs at the waist combined with snug elastic ensure a good fit and excellent containment even on newborns (and it beats disposables hands down!). An ideal nappy for parents wanting a soft, dry feel against their baby's skin and in need of a quick drying nappy system.

Extra booster included with every nappy for more absorbency as baby grows - separate in size 1 to reduce bulk on newborns but attached for ease in size 2.

Fastens with velcro - style Aplix ('hook and loop')

* Size 1 : 7 - 16lbs/ around 3 -7.5kg (cream or lavender)

* Size 2 : 16 - 35lbs /around 7.5 - 16kg (cream only)

Hunny Highlights

- ✓ Two sizes - ensures good fit & slim fitting; spreads the wear of the nappy
- ✓ Good fit on newborns
- ✓ Comes out of the washing machine almost dry - great choice if limited drying facilities
- ✓ Two-part system - good for containment
- ✓ Stays soft no matter how many washes
- ✓ Can choose the fastening you prefer on wrap

Nappy Do

- ✓ Pre-wash a few times before use
- ✓ Re-use wrap if not soiled - simply wipe clean
- ✓ The nappy must be washed after each use
- ✓ Fold Aplix tabs over to prevent snagging in wash
- ✓ Flush solids down toilet - small residual solids will dissolve in the wash
- ✓ Store in dry nappy bucket until ready to wash - no need to soak
- ✓ Wash at 40°C in non-bio detergent - only use half the recommended amount - plus sanitiser (see [Washing and Drying](#) info sheet)
- ✓ Tumble dry on a cool setting or air dry

Hunny Heads-up

- ! Not as absorbent as some nappies - daytime use only
- ! Synthetic fabric
- ! Needs outer waterproof wrap

Nappy Don't

- ! Don't use nappy rash ointments/creams without paper liner to protect nappy (see [Nappy Rash](#) info sheet)
- ! Do not tumble on high heat
- ! Do not use bleach, fabric softener or biological detergents

Hunny Hints

- ✓ Boosters can be used to increase absorbency
- ✓ A really handy nappy for your stash as you'll always have some dry!
